Nicolas Hernandez

CA 9

Re: Request to Amend PHI
Date of Service: 2/16/26

To who it may concern,

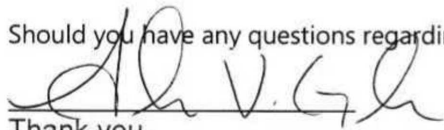

In other words, we know we messed up –
check the other box so we can dispute it and
not have to attach your addendum showing
our incompetence...please.

We have received a *Statement of Disagreement* submission that requires additional clarification before it may be accepted and incorporated into the medical record. In order to proceed, please review and complete the items outlined below and return the documentation to our office. Upon receipt of the completed materials, the statement will be added to the medical record and included in future disclosures, as applicable.

- The box indicating **"I do not want to file a Statement of Disagreement"** was marked in error.
 - If it is your intent for the submitted Statement of Disagreement to be attached to the medical record, the appropriate box must be selected, and your initials must be placed adjacent to the selection.
- Please ensure that the box indicating **"I want to file this Statement of Disagreement"** is clearly marked.

Please be advised that, as outlined in the original *Request to Amend Protected Health Information*, our facility is not permitted to delete or destroy any information that is already part of the designated medical record. We may only add statements that clarify or contest existing documentation.

Should you have any questions regarding this request or require additional assistance, please contact our office.

Thank you,

Amanda Gonzales
