SUBJECT: FINAL NOTICE & DEMAND FOR COMPLIANCE

RE: Request to Amend PHI (DOS: 2/16/26)

Ms. Gonzales,

I am rejecting your March 30, 2026 letter. My form was not filled out in error. It was filled out deliberately and precisely to exercise my federal rights under 45 CFR § 164.526.

To be absolutely clear: I am intentionally declining to file a "Statement of Disagreement" because I legally decline to grant Antelope Valley Medical Center the opportunity to attach a written rebuttal to my record.

By checking that box, I am exercising my rights—as explicitly outlined in your own March 16 correspondence—to demand the following:

You are required to include my original amendment request and your denial along with all future disclosures of my medical record.

You are required to attach my 250-word written addendum (titled NOTICE OF CLINICAL INCONSISTENCY & INCOMPLETE RECORD) to my permanent medical file to contest the incomplete and incorrect documentation of my February 16, 2026 visit.

These are distinct legal rights. One does not invalidate the other.

Do not send this paperwork back to me again. You are now in possession of my clear, written directive. Any further delay, refusal to process this addendum, or failure to attach these documents to future disclosures will be treated as a willful violation of my HIPAA rights. If this is not processed as submitted immediately, I will file a formal complaint with the Department of Health and Human Services (HHS) Office for Civil Rights (OCR) and introduce this correspondence into my ongoing litigation.

Please process the documents immediately.

Sincerely,

Signature
