†An Active Prescription indicates the patient has units of the medication remaining as of the date this report was generated. It is calculated based on Date Filled and Day's Supply of the medication, and assumes the patient is taking the medication as directed, beginning the day following the Dated Filled.^MMorphine Milligram Equivalents (MMEs) are calculated using the morphine equivalent conversion factor, published by the Centers for Disease Control and Prevention (CDC). The MME calculations contained in this report are informational only. Providers should exercise their independent clinical judgment in making prescribing and dispensing decisions. More information regarding MMEs can be found on the CDC website at <https://www.cdc.gov/opioids/data-resources/index.html>.

DISCLAIMER: The CURES database contains information about Schedule II, Schedule III, Schedule IV, and Schedule V controlled substance prescriptions dispensed to patients, as reported by California-licensed dispensers. The California Department of Justice does not independently verify the accuracy of the information reported by dispensers. Records are based on information at the time the query was submitted and are subject to change as a result of subsequent reporting by dispensers.

†An Active Prescription indicates the patient has units of the medication remaining as of the date this report was generated. It is calculated based on Date Filled and Day's Supply of the medication, and assumes the patient is taking the medication as directed, beginning the day following the Dated Filled. ^MMorphine Milligram Equivalents (MMEs) are calculated using the morphine equivalent conversion factor, published by the Centers for Disease Control and Prevention (CDC). The MME calculations contained in this report are informational only. Providers should exercise their independent clinical judgment in making prescribing and dispensing decisions. More information regarding MMEs can be found on the CDC website at <https://www.cdc.gov/opioids/data-resources/index.html>.

DISCLAIMER: The CURES database contains information about Schedule II, Schedule III, Schedule IV, and Schedule V controlled substance prescriptions dispensed to patients, as reported by California-licensed dispensers. The California Department of Justice does not independently verify the accuracy of the information reported by dispensers. Records are based on information at the time the query was submitted and are subject to change as a result of subsequent reporting by dispensers.
