Summary of Incident: (1500 characters max)

I am filing this complaint against Grow Therapy for hosting misleading medical advertising violating BPC § 2054(a). On Feb 3, 2026, I booked a telehealth session via Grow Therapy with Kifle Jikamo, who is advertised as "Dr. Kifle Jikamo." I was seeking specialized medication-assisted treatment (MAT/Suboxone) for Opioid Use Disorder, believing he was a medical physician. During the encounter, Jikamo did not clarify he is a Nurse Practitioner. He conducted a 5-minute session, refused to provide treatment, and terminated the call without a clinical assessment. Despite refusing care, he billed my Medi-Cal plan (L.A. Care) for a full service, which was paid.

Using "Dr." in a clinical setting by a non-physician is a misdemeanor under California BPC § 2054. Under Palmer v. Bonta (Sept 2025), a federal court held that this use of "Dr." is inherently misleading to consumers, regardless of fine-print disclosures. I was personally misled by this advertisement, resulting in delayed medical care and billing fraud.

I filed a complaint with the California Board of Registered Nursing (Case #4002026006579) on March 5, 2026. However, because state licensing boards have massive backlogs and the deceptive profile is still actively hosted by Grow Therapy, I request the District Attorney's Consumer Protection Unit intervene under False Advertising (BPC § 17500) and Unfair Competition (BPC § 17200) laws.

Amount of Loss and Type of Payment: **\$0 personal (Medi-Cal/L.A. Care billed and paid)**
