Dear Nicolas Hernandez:

This letter is regarding the complaint you submitted to the Medical Board of California (Board) for review. I am the Enforcement Analyst assigned to your complaint. Please be advised the Board cannot assist consumers in obtaining medical care or financial compensation for medical malpractice. Please provide any additional information to the Board that may assist our office in investigating the treatment provided, please send these documents to my attention immediately. Documents may include patient records, photographs, audiotapes, correspondence, billing statements, proof of payments, etc. Please refer to the control number shown above in your correspondence or contact with the Board.

Upon review of the information you provided it was determined the Board is unable to proceed any further without obtaining a copy of your medical records. To do so, we must have you complete and sign the enclosed **Authorization for Release of Medical Information** forms. Please complete a release form for any health care providers involved in the care you outlined in your complaint, including the complete names and addresses of each physician and facility.

It is important for you to know that the medical release forms will not be valid if they contain any additional comments other than the information requested below. Do not write any comments on the medical release forms. Also, please be advised that, pursuant to Business and Professions Code section 2230.5, the Medical Board must file an Accusation (formal charges against a physician's license) within three (3) years of the date the Board is first notified of the act or omission alleged as the ground for disciplinary action or seven (7) years from the date of the incident, whichever occurs first.

The following information must be completed on the enclosed forms (if applicable):

- Patient's signature, or signature of legal representative and date

If the medical release is signed by someone other than the patient, it may be necessary for the Board to request additional documentation to support the identity of the legal representative. The documentation may consist of one of the following: Power of Attorney for Health Care, Appointment as Executor of the Estate, Will or Trust, a Marriage Certificate, or a Birth Certificate or Custody Documents.

To avoid delay, it is important to sign and return the release form(s) and provide any requested information as soon as possible. Once the medical release forms are received, your medical records will be obtained and your complaint will be reviewed to determine whether the care provided by Dr. Aborabeh was within the standard of practice of medicine.

Please be advised that your complaint may be closed if these forms are not returned to our office by **March 31, 2026**. Your complaint may be reopened if the releases are provided at a later date, however, processing may be delayed as complaints are reviewed in the order they are received.

The entire complaint review may take an extended period of time, depending on the complexity of the complaint. Should you have questions regarding your complaint, please contact me via email at [REDACTED]@mbc.ca.gov or by telephone at the number below.

Thank you for contacting the Board.

Sincerely,

[REDACTED]
